LETTER DATED 6 FEBRUARY 1991 FROM THE PERMANENT REPRESENTATIVE OF IRAQ TO THE UNITED NATIONS ADDRESSED TO THE SECRETARY-GENERAL

I have the honour to refer to the letter dated 24 January 1991 which Mr. Tariq Aziz, the Deputy Prime Minister and Minister for Foreign Affairs, sent to you, reporting the bombing, carried out on 21 January 1991 by aircraft from the coalition forces of aggression, of a factory that produces children's milk and is situated in the region of Abu Ghuraib.

You undoubtedly know that General Powell, the United States Chairman of the Joint Chiefs of Staff, claimed that this factory was manufacturing "bacteriological weapons".

In order to establish the truth and expose the empty allegations by the United States, which are designed to conceal the criminal nature of the aggression carried out by the United States-NATO-Zionist forces, I request you, on instructions from my Government, to send a fact-finding mission to investigate the type of factory involved so that the international community and world public opinion may learn the truth.

I should be grateful if you would have this letter circulated as a document of the Security Council.

LETTER DATED 6 FEBRUARY 1991 FROM THE PERMANENT REPRESENTATIVE OF IRAQ TO THE UNITED NATIONS ADDRESSED TO THE SECRETARY-GENERAL

On instructions from my Government, I have the honour to inform you that the States which have been participating in the evil acts of aggression against Iraq since 16 January 1991 have concentrated their attacks on Iraqi civilian, economic, scientific, cultural and religious institutions and, in so doing, have attacked a large number of civilians, destroyed their property and seriously damaged the infrastructure of Iraq in order to lay waste to the country and deprive it of its achievements in the field of development. This aggression is part of the United States-NATO-Zionist plot aimed at establishing hegemony and a new imperialist order in the Middle East.

All the States which are collaborating in this concerted and deliberate campaign of aggression must compensate Iraq in full for all the damage caused to its enterprises and individual persons and their property. Iraq reserves the right to demand complete compensation for such damage from these States.

The creditor States to which Iraq is indebted and which are participating in this aggression will not be reimbursed the amounts corresponding to the compensation owed to Iraq for the damage inflicted on it.

I should be grateful if you would have this letter circulated as a document of the Security Council.

LETTER DATED 8 FEBRUARY 1991 FROM THE PERMANENT REPRESENTATIVE OF ROMANIA TO THE UNITED NATIONS ADDRESSED TO THE SECRETARY-GENERAL

I have the honour to inform you that pursuant to paragraph 3 of the Security Council resolution 678 (1990) the Government of Romania has proposed and the Parliament of Romania has approved the sending to Saudi Arabia of a surgical hospital for medical assistance having a capacity of 200 beds and a staff of 360 persons. A similar approval has been given for sending to Saudi Arabia a unit of the Romanian Army of the strength of 180 persons, which can perform tasks of chemical decontamination.

The two units have been formed on a voluntary basis and will be stationed behind the operational area. They will perform a humanitarian mission.

The decision of Romania is based on the relevant resolutions of the Security Council and in particular on resolution 678 (1990), which requests all States to provide appropriate support for the actions undertaken to liberate Kuwait and to restore international peace and security in the area. It is consistent with the position of Romania, which has been committed to and has fully supported all resolutions of the Security Council on the situation between Iraq and Kuwait.

The decision of Romania to send the surgical hospital and the decontamination unit will become effective after the conclusion of the necessary agreements.

I should be grateful if you would circulate this letter as a document of the Security Council.
